

# **Sierra Service Project 2010**

## **June 25—July 4, 2010**

Time to sign up for SSP!! Sierra Service Project is one of the big trips of the summer for High School (Fall '10 grades 9-12 and Graduating Seniors). For one week, we will head up Klamath, CA (about 300 Miles north of San Francisco) to help in a service project to build homes for the Yurok Tribe. We expect to build wheelchair ramps, smoke houses (small outbuildings used to cure fish) and perhaps collaborate with the tribe on some new construction. It will be a very exciting trip! We will stay at a local school and work on the tribal homes and land. The youth will be able to learn carpentry skills and work with other youth to promote Christian fellowship.

### *Highlights of Trip:*

A Day in San Francisco, The Beautiful Northern California Coast, Meeting other youth from all over the West Coast, Great Games and Activities, and being involved in something great that makes a difference in the world we live in.

### **What is Sierra Service Project?**

Sierra Service Project (SSP) is a non-profit organization providing life-changing experiences through acts of service repairing homes in Native American and urban communities. We invite high school age youth and young adults to experience the profound power of serving people who have a culture and life experience different from their own.

Leave Early Morning June 25

Back Early Evening July 4
